for similar concessions in favor of small temples.

The Sreenivasa Mandiram which in the Nuzvid Inam Register is described as the Byatarayaswami temple at Balipetta pays a very small Jodika of Rs 17-7-0 a year (or Rs 1-7-3 a month) and has no other source of income such as Kanikes or voluntary contributions from votaries. At present the temple has no funds from which, even Government demand for a years' Kandayam on the 12 acres of land now applied for, can be met.

In his application, Mr. Gopalacharlu asks for lands to the Mandiram Charities. If by Charities he means the orphanage established by him the grant applied for will be without precedent.

Dear Sir,

Only a few minutes difference - I am sorry I have missed seeing you - this morning at 10 - I was at yr. place and again at 3 p.m. exactly, but I have not gained in my object. A week or 10 days ago, I submitted to Govt. an application, praying for the granting of a few acres of land for an agent price - under the new Channel called "Chanang Sala". I am sure the application is placed before you for orders. The sales of the lands under the said Channel is advertised to commence from tomorrow, and I have not as yet received any orders on the subject. In the interests of the Mandiram, the matter is all important and emergent to me, and I am sure you will be pleased to realize, how anxious I am. In the hearing

the result of his application. I am informed that in the case of some temples in Cyprus Dioscuri, the sons and grandson some land on an upper river, but I do not know how the matters will be settled in the Canonicum case. If God answer willed but my troubles rest. Come to an end, of course I am sure, my application will be considered favourably. If therefore I cannot complain, but rest, pearl myself contented with my lot and my connection with the Canonicum work.

You are so strange and I can't say much. At least if it is possible to write minuter orders, I may learn knight to impose. "Thine will be done"

My impression is that the Mandrian charity was some how or other deemed of a special kind & deserving Government support by Govt. Was it not in this view that Govt went out of its way to sanction a lottery for the purpose of providing this institution with funds

(1) There are several other applications of the kind. It would be well to take them all into consideration and dispose of them on their merits.

In addition to the applic-cation of Mr Gopalachar, there were two other applic-cations, one of which was from Mr Amblé Annaiya Pandit, and the other from the Agent and disciple of Yadugiri Yati-raj Matt at Melkote.

The application of Mr Amblé Annaiya Pandit for the grant of 20 acres of land under the Chamaraj nala at an upset price of Rs. 50 per acre, as an endowment to Sri Arkéswaraswamy's at Yedatoré, has already been sanctioned. (vide Govt Pro. no. 7417-20 dt 5-2-98 put up. A. 2407)

This is an important Memo to be noted by Hon'ble

from the agent and disciples of the Matt, for the grant of about 40 acres under the channel in question at an upset price of Rs. 25/ per acre has been for- -warded to the Muzarai Supdt for opinion —

Besides these, there is an application for the grant of 200 cents of land under Cauvery Channels in connection with certain Kalyanas. This was also forwarded to the Supdt of Muzarai by Marconi.

(2a) Mr Gopalachar applies for the grant of 12 acres at a nominal price not exceeding Rs. 25/- an acre. Mr Ambé Amaiya Pandit offered to deposit 1000 Rs for 20 acres of land. The 1st Councillor Sanctioned the grant of 20 acres @ 50 Rs per acre in accordance with precedents — The upset price in the present case may be fixed by Government —

Precedents —

Sir,

Adverting to a Notification that appears in the "Mysore Gazette", dated the 27th instant, under the heading the "Mysore District", Part II, Page 111, informing the Public of the sale of lands irrigable by the Chamraj Channel Extention, I beg to apply for twelve (12) acres of land under the said Channel.

2. In the Notification it is said that the lands will be sold by Public Auction to the highest bidder, &c. The 12 acres, to which I am making this application, are not for my private purposes, but I apply for them in the interests of the Mandiram Charities. It is a fact known to you, that I am not in a position to purchase the lands by competition at the Govt auction. I am sure, the rates will run high and the purchase will be only possible to Capitalists. The Mandiram has hardly any 'Paedik' worth mentioning. I shall therefore feel grateful to the Government, if it can charitably be pleased to grant the Institution the said 12 Acres, at a nominal price, not exceeding Rs: 25/- an acre.

(2)

The Mirzapoor Department has shewn many Considerations to various Institutions in the Province, and it is an unfortunate circumstance, the Mandiram has not shared any tangible relief. The present being an opportune time, I make this application, with great hopes of Success, and I beg you will kindly see your way to commemorate your Administration, by giving a permanent situation, to a Charity that is struggling for Existence.

Bangalore City,

To

C. Sreenivasaiengar Esqre.,
Secretary to the Govt. of Mysore,
Revenue & General Departments,
Bangalore.

Sir,

In Obedience to instructions conveyed to me in your Official Memorandum No. 8827/R 2892, dated the 19th instant, I respectfully beg to furnish the Government, the following information in Re the questions raised therein:-

(i). The "Mandiram Charities", mean— firstly the Sreenivasa Mandiram, secondly the Orphanage, and thirdly the Oriental and Mixed Library. These three institutions have not only the support of the Public, but are aided by Government. As they depend partly on public charity and partly on the support of Government for their maintenance, they are called Charities. The objects of these institutions are briefly set forth in the letter-head printed above.

(ii). The first and second Departments are so intertwined together that there can hardly be any separation from each other. The first serves the Orphans with food (Prasadam distributed after offering to the

6/

the Deity) and the second to a small extent helps the first. The Government and the Public are the Supporters of these institutions. The existence of the one at present is dependent on that of the other. The present number of Orphans on the permanent list, fed both in the mornings and evenings is 10 boys, excluding boys who are fed on fixed week days, in addition to travellers and pilgrims, &c., who are occasionally fed here. These boys receive education free in some of the Schools established in the City, and recommended to the School Authorities by the Institution, as deserving of free Studentships. An admission form is hereunto enclosed (to be kindly perused and returned) to shew to the Government, as to how these boys gain admission into the Orphanage and how they are aided.

(iii) The reply to the 3° query, cannot be stated in any definite terms at present. The answer entirely depends on the fertility of the Soil and the produce it may yield to the Institution, after defraying the cost of cultivation, the cost of improving the land, and the paying of the Government Kandayam, &c.,

(iv) The Orphanage is given benevolently by the Government a grant of Rs: 25/- a month from the Muzzoray funds.

(v) The temple (Mandiram) receives no grant

whatever, other than the small Muzrop
Paidik of Rs: 17/- and odd per annum
which the Worshipper (Pujari) supplys
(VI) As regards the question of guarantee
I am prepared to give any guarantee
the Government wishes to impose on
me

Extract from the Institution's Report.

"In the matter of the education of these boys, I have to thank the Principals of the several High Schools in the City of Bangalore for receiving them as free students * * * * * These free studentships depend on the steady progress made by the students. These boys are employed in various kinds of work, such as carrying letters, accompanying the collector of rice-doles (by turns), going to the bazaar to fetch provisions, and looking after the plants in the *Mandiram*, &c. I regret to say that amongst the Brahmin orphans work of this kind seems to be resented, and often they desert the Orphanage, and find places where they may be idle and procure food by going from door to door. In such cases, it is evident that there is a wastage of the funds of the *Mandiram*; it is therefore, hoped that gentlemen feeding such lads will first make enquiries as to their antecedents, whether they have parents and whence they come, and in cases where they come from Mandiram establishment, they will refer to Manager. It should be always understood by every one that boys in such an institution as the *Mandiram* Orphanage, should be taught to know the principle of working for what they receive, and thus benefiting the institution which supports them."
